

So you want to know my SERECT WEAPON, eh?

Well lucky you, I am a generous gal. ;)

Souldier-preneur, meet David, my developer ninja extraordinaire!

David pretty much built most of the websites I've designed. He's my right hand man. Not only is he highly skilled in creating custom web sites, he is experienced working with folks like us (yah know) visionaries, entrepreneurs, online marketers, creative and PASSIONATE people!

How it works:

1. Fill out a scope and content form
2. Choose and purchase a Wordpress template
3. Provide your designs, copy documents, photos and email management account information
4. Allow 2-3 weeks for the implementation process
5. Allow 1 week for the live testing process
6. You're Launched!
7. 30 Day Maintenance Period (Premium Pro package only)
